Representative Matters

- Recently represented BH Group Miami, a prominent Miami-based real estate development firm, on the acquisition and financing of a significant \$83 million waterfront property transaction in Miami-Dade County involving real estate, financing, and joint venture components. The deal involved the negotiation and closing on the purchase of two 10-story towers comprising over 330 residential units, and all aspects of the associated due diligence. As part of the acquisition, our finance team assisted BH Group in securing a significant loan from a Miami-based mortgage lender, negotiating favorable financing terms to support and fund a portion of the purchase. Additionally, our corporate and finance teams structured a joint venture with a strategic partner, drafted a comprehensive joint venture agreement, and negotiated and closed on a collateralized loan facility in collaboration with the joint venture partner.
- Represented a South Florida real estate developer and a South Florida private equity family office in connection with their joint venture acquisition of a national big box retailer's corporate headquarters for more than \$100 million. This transaction involved the creation of several layers of corporate entities, drafting LLC and LP agreements, creation of tenancy in common agreement, 1031 exchange considerations, and other property-related agreements. We also assisted in the financing part of the transaction, which involved a mortgage loan and two layers of mezzanine loans.
- Represented PEBB Enterprises and BH Group in their \$48.5 million joint venture acquisition of a prime waterfront shopping center in Fort Lauderdale that will be redeveloped to include 361 housing units. We drafted and negotiated the JV and a subsequent JV with The Related Group, a luxury residential real estate developer.

- Represented the McKee Group in obtaining financing in connection with its purchase of a residential luxury apartment complex located in suburban Philadelphia, Pa. This deal involved the establishment of a \$50 million borrowing facility and creating a complex corporate structure to allow for tenants in common to use 1031 exchange funds in connection with the acquisition, and other customized deal items.
- Represented prominent South Florida real estate developer in its eight-figure purchase of a mixed-use development south of Miami featuring retail and office space. We set up a securities offering under Rule 506(b) that helped fund the deal, and we drafted all offering documents, including upstream organizational documents.
